1/ The manufacturer's P/N shall not be used for procurement to the requirements of this CID specification sheet. At the time of preparation of this CID specification sheet, the aforementioned commercial products were reviewed and could be replaced by the CID PIN shown. For actual part marking requirements, see the marking paragraph of A-A-59494.

National stock number (NSN). The following is a list of NSN's assigned which correspond to this CID specification sheet. Where applicable, the list also shows old part numbers and their conversion to the current part number configuration. The list is for information only and may not be indicative of all possible NSN's associated with the CID specification sheet. For up to date information on assigned NSN's, please contact the aforementioned DSCC office listed in A-A-59494 (see table II).
