**NOTES:**
1. Dimensions are in inches, unless otherwise specified.
2. Metric equivalents are given for information only.
3. Unless otherwise specified, Tolerances ± .016 inch (0.41 mm).
4. Equivalent tube size dash number reference AND10050.
5. Part or Identifying Number (PIN)

**REQUIREMENTS:**

Dimensions and configurations: See figure 1.

Designed for use with air, coolants and water at pressures not exceeding 50 PSI (3.45 bar).

Material in accordance with MIL-DTL-6129.

Threads in accordance with MIL-DTL-6129.

**PIN:**

```
MS  28050  -3
    Tube size
    Specification number
    MS prefix
```

PIN example MS28050-3 specifies a check valve .500 (12.10 mm) tube size.
Order of precedence. Unless otherwise noted herein or in the contract, in the event of a conflict between the text of this document and the references cited herein, the text of this document takes precedence. Nothing in this document, however, supersedes applicable laws and regulations unless a specific exemption has been obtained.

Referenced documents shall be of the issue in effect on date of invitations for bid.

Changes from previous issues. Marginal notations are not used in this revision to identify changes with respect to the previous issue due to the extent of the changes.
