Dear Mr. Oosterling:

RE: Notification of Qualification Removal, MIL-PRF-1, FSC 5960; VQ (VQE-12-023560);
CN034926

Canberra Dover, Inc.'s qualifications listed below have been removed from the Qualified Products List (QPL), DoD specification MIL-PRF-1. Correspondence received November 22, 2011 from Canberra Dover, Inc. indicated that the Dover facility was closed, and manufacturing equipment was in process of delivery to the Oak Ridge, TN facility. In addition, Canberra Dover, Inc. failed to properly notify the Qualifying Activity of relocation of manufacturing operations and has not submitted biennial retention data for the periods of 2003-2005, 2005-2007, 2007-2009, and 2009-2011. Based on these issues and guidance from DoD 4120.24-M section AP2.5.8.2.7 and AP2.8.1.6, this Office is removing Canberra Dover, Inc.'s qualification, effective November 22, 2011. The Qualified Products Database List (QPDSIS-1) will be updated and the listings shown below will be removed from the next issue.

Corrective actions for the above issues must be submitted to and accepted by the Qualifying Activity prior to future requalification efforts. Data to be submitted and corrective actions required will be determined by the Qualifying Activity upon receipt of qualification request.
