May 15, 2013

Mr. Jim Erickson
CPI (Microwave Power Products Division)
607 Hansen Way
Palo Alto, CA 94304

Dear Mr. Erickson:

RE: Notification of Qualification Removal, MIL-PRF-1, FSC 5960; Cage Code 06980; VQ (VQE-13-026395) / CN039503

CPI's qualification listed below has been removed from the Qualified Products List (QPL), DoD specification MIL-PRF-1. Correspondence received May 7, 2013 from CPI stated that the manufacturer is "...not capable of performing the Power Oscillation test..." and "...has no current plans to invest in test equipment to perform the Power Oscillation test...". Based on the inability to perform required testing, and guidance from DoD 4120.24-M section AP2.8.1.1, this Office is removing CPI's qualification, effective May 15, 2013. The Qualified Products Database List (QPDSIS-1) will be updated and the listings shown below will be removed from the next issue.

GOVERNMENT DESIGNATION	TEST REPORT DESIGNATION	SPECIFICATION
8403	1-367-71	/1660

Corrective actions for the above issues must be submitted to and accepted by the Qualifying Activity prior to future requalification efforts. Data to be submitted, and corrective actions required, will be determined by the Qualifying Activity upon receipt of qualification request.

Should you have further questions, please contact Mr. Robert Puckett at 614-692-0625.

Sincerely,

/SIGNED/

JOSEPH GEMPERLINE
Chief
Sourcing and Qualifications Division
