February 16, 2011

SUBJECT: Qualification to MIL-DTL-25579, FSC 4720

Mr. Jim Seaton
Cantwell Cullen Hydraulic Division, Inc.
10 Artisans Crescent
London, Ontario N5V 4N6 Canada

Dear Mr. Seaton:

Qualification of your product is granted under the current issues of the Military Specifications, as a result of your successful qualification testing in accordance with test report number(s) listed in the Qualification Reference section below. **Therefore, your product will be listed as shown below on Qualified Products List (QPL) 25579, as a plant location under the Eaton Aeroquip name as of the date of this letter.**

To maintain the listing of the products on QPL 25579, you are required to compile a summary of quality conformance data every 12 months. The standard reporting period is from July 1 through June 30. Your first reporting period for this qualification is from the date of this letter through June 30, 2011. A report is required for each of your products qualified to the subject military specification. The original data must be retained by your company and is to be made available to authorized government representatives upon request. Please coordinate your summary with your government quality assurance representative and submit it directly to us in time to arrive by August 1, 2011.

Because we are held responsible for the accuracy and currency of this QPL, please let us know if your company discontinues production of these products. No changes are to be made in the design and construction of the products qualified without the approval of VQP. All Quality Conformance Inspection test failures must also be immediately brought to the attention of VQP.

We appreciate your cooperation during this qualification process and thank you for your interest in this program. Please refer any questions to Gene Ott, VQP, 614-692-0665.

Sincerely,

/SIGNED/

JOSEPH GEMPERLINE
Chief
Sourcing and Qualifications Division
