November 6, 2013

Dear Mr. Betker:

Re: Qualification, MIL-PRF-29504, VQP-14-027252, Control Number 040831,  
Test Report Number: 29504-1776-06

This office received your email along with the qualification test report 29504-1776-06. After review, this documentation was found to meet the requirements of our qualification program and the military specification MIL-PRF-29504. The next revision of QPL-29504 will reflect the following additions:

Government Designation	Manufacturer's Designation	Company
M29504/4-4219	XOP29504-/4-SM-2200-1260-Q2	XiOptics
M29504/4-4220	XOP29504-/4-MM-2200-1260-Q2	XiOptics
M29504/5-4248	XOS29504-/5-SM-2200-1260-Q	XiOptics
M29504/5/4249	XOS29504-/5-MM-2200-1260-Q	XiOptics

A detailed listing of the connector type under the Military Specification Sheet will be listed on QPL-29504. This qualification is subject to the conditions stated in DoD 4120.24-M and SD-6.

To maintain the listing of the products on QPL-29504 you are required to compile a summary of quality conformance data within the guidelines of the specification. You are required to submit a Retention of Qualification for Group A every year. Group B reports are due every 24 months. The next scheduled Retention of Qualification report for Group A, should be sent to the Qualifying Activity no later than January 1, 2015, and no later than January 1, 2016 for Group B. Your Group C retention of qualification is due every 60 months. The next scheduled Retention of Qualification for Group C report should be sent to the Qualifying Activity no later than January 1, 2019.

In the event that there is no production during the reporting periods, you are required to submit a report of no production. The DD Form 1718, "Certification of Qualified Products", may be used for this negative report. Products that are not produced should be listed in the "Remarks" section. In lieu of DD form 1718, a statement can be provided to DSCC stating that the company still maintains the capability to produce the product.

Because we are held responsible for the accuracy and currency of this QPL, please let us know if your company discontinues production of these products. No changes are to be made in the design and construction of the products qualified without approval of this office.

If you have any questions, please contact Ms. Sonya Taylor by email at Sonya.Taylor@dla.mil.

Sincerely,

/SIGNED/

JOSEPH GEMPERLINE  
Chief  
Sourcing and Qualifications Division
