RE: Notification of Add-On Qualification, GF Base material; MIL-PRF-31032/1, /2; FSC 5998;  
 CAGE Code 30598; VQ(VQE-15-029422 ); CN 046275

Dear Mr. Hart:

Qualification of your products is granted under the current issue of the specification as a result of successful add-on qualification testing to Military Performance Specification MIL-PRF-31032, Printed Circuit Board/Printed Wiring Board, and associated specification MIL-PRF-31032/1 and /2. The capabilities qualified for the base material and slash sheet indicated below shall be listed on Qualified Manufacturers List QML-31032. The effective date of this qualification is April 17, 2015.

<b>MANUFACTURER</b>  Compunetics, Inc. 700 Seco Rd Monroeville PA 15146	<b>PLANT LOCATIONS</b>  Same Address as Manufacturer	<b>CAGE CODE:</b> 30598  <b>PHONE #:</b> 412-858-1272 <b>EMAIL:</b> lhart@compunetics.com
---	--	---

Specification: MIL-PRF-31032/1, MIL-PRF-31032/2  
 Qualification Letters: VQ(VQE-13-026082); VQ(VQE-15-029422)  
 Rigid Base Material: GF: Woven E-Glass, Epoxy, Cynate Ester, Flame Resistant  
 Max. Panel Size: 18" x 24"  
 Max. Number of Layers: 32  
 Max. Board Thickness: .260"  
 Min. Hole Size: .0098" Drilled Plated-Through Hole Before Plating  
 Aspect Ratio: 10.8:1 Through-Hole  
 Min. Conductor Width/Space: .004 "/.004"  
 Hole Preparation: Plasma Etchback, Plasma Desmear  
 Hole Wall Conductive Coating: Electroless Copper  
 Copper Plating: Direct Current Plate, Reverse Pulse Plate  
 Hole Fill / Via Plug: Conductive, Non-Conductive  
 Solder Resist: Liquid Photoimageable  
 Finish System: ENIG, HASL  
 Controlled Impedance: Differential, Single Ended

Test report number 31032-4267-14 has been assigned to your test data. This qualification is based on your MIL-PRF-31032 certification and is subject to the conditions stated below:

1. A listing on the Qualified Manufacturers List (QML) does not guarantee acceptance of the product(s) in any future purchase.
2. QML listing does not constitute a waiver of any requirements of the specification or of the provisions of any contract.
3. Advertising of qualification information is permitted. Permission to use such information for advertising or publicity purposes is granted provided that such publicity or advertising does not state or imply that the product(s) is the only product of that type qualified or that the Department of Defense in any way recommends or endorses the manufacturer's product.
4. The listing applies only to products produced in the plant(s) specified in this letter of notification of qualification and applies to future amendments or revisions of the specification, unless otherwise notified.
5. The listing applies only to materials and manufacturing construction techniques identical to or covered by that (those) qualified. The qualifying activity must be advised in advance of any change to the materials and manufacturing construction techniques. Failure to notify the qualifying activity of any change to the materials and manufacturing construction techniques is cause for removal from the QML.

Because we are held responsible for the accuracy and currency of this QML, please let us know if your company discontinues production utilizing these materials or processes. If you have any questions, please contact Mr. Keith Powell at [vqe.kp@dla.mil](mailto:vqe.kp@dla.mil) or 614-692-9508.

DLA Land and Maritime-VQ requests that all correspondences be submitted in electronic format. Examples of this include requests for technical evaluations, qualification and status reports, retention test data and requests for testing authorization (including test plans). In the event that a specific report or document is of very large size (>5 MB) please submit the information via digital media, e.g., cd or dvd. Electronic documents are a more efficient format and will help our office evaluate your questions or testing data in a more efficient and expeditious manner.

Sincerely,

JOSEPH GEMPERLINE  
Chief  
Sourcing and Qualifications Division
