July 11, 2022

Ms. JoAnn Medina
Coast to Coast Circuits
5331 McFadden Avenue
Huntington Beach, CA 92649

Dear Ms. Medina:

RE: Notification of Removal of Certification, Lab Suitability, and Qualification, MIL-PRF-31032, MIL-PRF-50884, MIL-PRF-55110; FSC: 5998; CAGE Code: 66982; VQ(VQE-22-037236) / CN081317

Coast to Coast Circuits' qualifications listed below have been removed from the Qualified Manufacturers List (QML) and Qualified Products List (QPL); DoD specifications MIL-PRF-31032, MIL-PRF-50884, and MIL-PRF-55110. Reasoning for removal is as follows:

- Manufacturer has been placed on stop shipment for non-compliance with the requirements of DoD specifications for three consecutive Qualifying Activity audits: 2014 (VQE-14-027557), 2018 (VQE-18-032395), and 2022 (VQE-22-037208).
- On-site testing did not satisfy the requirements of applicable test methods or internal procedures and traceability of test data was not maintained.
- The technical review board (TRB) has proven incapable of ensuring the compliance to MIL-PRF-31032 QML program. 2022 audit (VQE-22-037208) findings included:
 - 13 repeat findings (identical non-compliance for two consecutive audits)
 - 11 systemic repeat findings (identical non-compliance for three consecutive audits)
 - One systemic failure of compliance finding (identical non-compliance for four consecutive audits)
- TRB failure to ensure compliance to duties and responsibilities as defined in A.4.1.2 of Appendix A MIL-PRF-31032.

Based on these issues and guidance from DoD 4120.24-M section 12.a.(1), this Office is removing Coast to Coast Circuits' certification, lab suitability, and qualifications, effective July 11, 2022. The listings shown below shall be removed from the next issue of the Qualified Products Database List (QPDSIS-31032, QPDSIS-50884, QPDSIS-55110).

ASSOCIATED SPECIFICATIONS AND MATERIAL	QUALIFICATION REFERENCE NUMBERS
/1, /2 (GF & GI materials)	VQE-18-033028 55110-31032
/3, /4 (GI material, Adhesiveless Construction)	VQE-18-033028 50884-31032
/5, /6 (Composition S and M materials)	VQE-18-033028

Coast to Coast Circuits is required to maintain traceability of all data, including coupons and microsections, for the applicable time periods specified in paragraph A.4.17.3.1 and A.4.17.4 of MIL-PRF-31032C with Amendment 2.

Should you have questions concerning this notice, please contact Mr. Zachary Chen at 614-692-9554 or vqe.zc@dla.mil.

Sincerely,

ROBERT M. HEBER
Chief
Sourcing and Qualifications Division

QUALIFICATION REMOVED
