POST OFFICE BOX 3990
COLUMBUS, OH 43218-3990

November 20, 2023

Ms. Patricia Stroman
Streamline Circuits
1410 Martin Ave.
Santa Clara, CA, 95050

Dear Ms. Stroman:

RE: Notification of Removal of Certification, Lab Suitability, and Qualification, MIL-PRF-31032, MIL-PRF-55110; FSC: 5998; CAGE Code: 3WUY3; VQ(VQE-23-038247) / CN085935

Streamline Circuits' qualifications listed below have been removed from the Qualified Manufacturers List (QML) and Qualified Products List (QPL); DoD specifications MIL-PRF-31032, MIL- and MIL-PRF-55110. Reasoning for removal is as follows:

- The technical review board (TRB) has failed to have in place an effective quality system that can clearly demonstrate how the requirements of military specifications and elements of the MIL-PRF-31032 QML program are being met.
- The manufacturer has not produced a DoD performance specification lot since 2018.
- 2023 DLA audit report (VQE-24-038240) included 21 findings with 11 repeat findings (from the 2019 audit) and 2 systemic repeat findings (from 2015 and 2019 audits).

Based on these issues and guidance from DoD 4120.24-M section 12.a, this Office is removing Streamline Circuits' certification, lab suitability, and qualifications, effective November 20, 2023. The listings shown below shall be removed from the next issue of the Qualified Products Database List (QPDSIS-31032 and QPDSIS-55110).

ASSOCIATED SPECIFICATIONS AND MATERIAL	QUALIFICATION REFERENCE NUMBERS
/1, /2 (GF & GI materials)	VQE-17-031750 (GI) VQE-18-031945 (GF) 55110-31032

Streamline Circuits is required to maintain traceability of all data, including coupons and microsections, for the applicable time periods specified in paragraph A.4.17.3.1 and A.4.17.4 of MIL-PRF-31032C with Amendment 4.

Should you have questions concerning this notice, please contact Mr. Zachary Chen at 614-692-9554 or vqe.zc@dla.mil.

Sincerely,

ROBERT M. HEBER
Chief
Sourcing and Qualifications Division
