We have received your test report dated December 15, 2010 for V level qualification of SMDs 5962-08240 and 5962-08241. The test report was reviewed and found acceptable by Defense Logistics Agency Land and Maritime VQC. Therefore, we concur with BAE System's TRB decision to add SMDs 5962-08240 and 5962-08241 to the QPDSIS-38535 listing effective July 8, 2011.

All qualification data related to the QML is to be retained by your company and must be available to authorized Government representatives on request.

To maintain the listing of the processes, materials, and manufacturing construction techniques on QPDSIS-38535, you are required to comply with paragraph 3.4.5 (Maintenance and Retention of QML) of MIL-PRF-38535. The qualifying activity must be informed of this retention of QML as part of the TRB status report.

Please let us know if your company discontinues production of products covered by your listing.
