Mr. Paul Nixon  
BAE Systems  
9300 Wellington Road  
Manassas, VA 22110-4122

January 19, 2012

Dear Mr. Nixon:

Re: Notification of Additional Q and V level Technology Qualification, MIL-PRF-38535, FSC 5962; VQ(VQC-12-023796)

We have received your test report dated January 24, 2011 for Q and V level qualification of BAE Systems RH15 wafer technology. The test report was reviewed and found acceptable by Defense Logistics Agency Land and Maritime VQC. Therefore, we concur with BAE System's TRB decision to add the RH15 process as a qualified wafer technology effective January 11, 2012.

All qualification data related to the QML is to be retained by your company and must be available to authorized government representatives on request.

To maintain the listing of the processes, materials, and manufacturing construction techniques on the QPDSIS-38535, you are required to comply with paragraph 3.4.5 (Maintenance and Retention of QML) of MIL-PRF-38535. The qualifying activity must be informed of this retention of QML as part of the TRB status report.

Please let us know if your company discontinues production of products covered by your listing.

If there are any questions, please contact Mr. Granchi at (614) 692-9975.

Sincerely,

/SIGNED/

JOSEPH GEMPERLINE  
Chief  
Sourcing and Qualification Division
