Mr. Paul Nixon  
BAE Systems  
9300 Wellington Road  
Manassas, VA 22110-4122

July 09, 2012

Dear Mr. Nixon:

Re: Notification of Additional Q level Qualification, MIL-PRF-38535, FSC 5962;  
VQ (VQC-12-023830)

We have received your test report dated April 2009 for Q level qualification of SMD 5962R08A04. The test report was reviewed and found acceptable by Defense Logistics Agency Land and Maritime VQC. Therefore, we concur with BAE System's TRB decision to add SMD 5962R08A04 to the QPDSIS-38535 listing effective February 2, 2012.

All qualification data related to the QML is to be retained by your company and must be available to authorized government representatives on request.

To maintain the listing of the processes, materials, and manufacturing construction techniques on the Qualified Products Database, you are required to comply with paragraph 3.4.5 (Maintenance and Retention of QML) of MIL-PRF-38535. The qualifying activity must be informed of this retention of QML as part of the TRB status report.

Please let us know if your company discontinues production of products covered by your listing.

If there are any questions, please contact Mr. Granchi at (614) 692-9975.

Sincerely,

/SIGNED/

JOSEPH GEMPERLINE  
Chief  
Sourcing and Qualification Division
