Dear Mr. Palladino:

Based on review of the applicable DSCC Audit Results and data from Arrow-Zeus, DSCC has determined that the current MIL compliant die, wafer and BIN level product previously on hold from Cypress semiconductor via DSCC-VQC-08-015561 is released from hold effective April 24, 2008.

The certification suspension of Cypress QML fabs, assemblies, test facilities and applicable flows for the purpose of QML die and SMD production is still in effect until further notice.

Sincerely,

/signed/
