Dear Mr. Hungate:

Re: Qualification of MIL-DTL-38999, Series III, Class T, FSC 5935; VQP-14-027373

This office received your email dated November 4, 2013 along with associated test report concerning the qualification of Class T MIL-DTL-38999 Series III connectors. After review, this documentation was found to meet the requirements of our qualification program and the subject military specification. The next revision of QPL-38999 will reflect the addition of **Class T** to your MIL-DTL-38999 Series III listings.

No changes are to be made in the design and construction of the products qualified without approval of DLA LAND AND MARITIME. Because we are held responsible for the accuracy and currency of this QPL, please let us know if your company discontinues production of these products. If you have any questions, please contact Mr. Alex Baillieul by email at alexander.baillieul@dla.mil.

Sincerely,

/SIGNED/
