Dear Ms. Ladiette

Re: Qualification of MIL-DTL-38999, Series III, Class Z, FSC 5935; VQP-14-027747

This office received your email dated March 10, 2014 concerning the qualification of Class Z MIL-DTL-38999 Series III connectors. After review, the decision has been made to grant you qualification for this the Class Z finish. This qualification is restricted to Series III components that are bought plated from Amphenol Limited (CAGE: K1100) as you detailed in your request. Your listing for Class Z parts is contingent on Amphenol Limited maintaining their qualification for the same. The next revision of QPL-38999 will reflect the addition of **Class Z** to your MIL-DTL-38999 Series III listings.

No changes are to be made in the design and construction of the products qualified without approval of DLA LAND AND MARITIME. Because we are held responsible for the accuracy and currency of this QPL, please let us know if your company discontinues production of these products. If you have any questions, please contact Mr. Alex Baillieul by email at alexander.baillieul@dla.mil.

Sincerely,

/SIGNED/

JOSEPH GEMPERLINE
