Dear Mr. Galaska:

Qualification of your products is granted under the current issue of the specification as a result of successful testing to Military Specification MIL-I-46058. Therefore, your products will be listed as shown below on Qualified Products List (QPL) 46058, effective February 18, 2011.

Plant Location: **Same as above**

Government Designation	Manufacturer's Designation	Qualification Reference
Type AR/UR	9481-E	46058-2927-11
Type AR/UR	903-E	46058-2927-11

This qualification approval is subject to the conditions as stated in DoD 4120.24-M and SD-6. These QPL-46058 listings are exclusive for the plant location noted above.

To maintain the listing of your products on QPL 46058, you are required to compile a summary of quality conformance data every 24 months in accordance with paragraph 4.5.4. A report is required for each of your products and plants qualified to MIL-I-46058. Each report should include a production summary of lots presented for group A testing, and copies of the actual group B and C test reports. The original data must be retained by your company and is to be made available to authorized government representatives on request. For those products not produced during the reporting period, you are required to send us a completed DD Form I718. The products not produced are to be listed in the remarks section. Your first reporting period for this qualification is **February 18, 2011 through December 31, 2012**, and is due to this office by **February 28, 2013**.

Because we are held responsible for the accuracy and currency of this QPL, please let us know if your company discontinues production of these products. No changes are to be made in the design and construction of the products qualified without DLA Land and Maritime-VQ approval. For questions concerning this qualification, please contact Mr. Lowell Sherman at 614-692-0627 or vqe.ls@dla.mil.

Sincerely,
