Dear Mr. Pliml:

Re: Qualification of M49142 design change using new plating
Test Report Number: 49142-3389-12; VQP-14-028478
Preparing Activity: DLA-CC, FSC 5935; Control Number: 043391

This office has received your email dated August 22, 2014 along with the test data for the re-qualification of MIL-PRF-49142 due to a plating change. After review, the information was found to meet the requirements of MIL-PRF-49142. Therefore your qualification of the M49142 parts utilizing the new plating will be updated in our records, although the test report listed will continue to be that of the initial qualification for this part.

This qualification is subject to the conditions stated in DoD 4120.24-M and SD-6. Because we are held responsible for the accuracy and currency of this QPL, please let us know if your company discontinues production of these products.

If you have any questions concerning this letter, please contact Ms. Sonya Taylor at 614-692-2193 or email Sonya.Taylor@dla.mil.

Sincerely,

/SIGNED/
