Dear Mr. Guidi:

RE: Notification of Qualification, MIL-P-50884, Amendment 3, QPL Product Assurance Level, FSC 5998; CAGE Code 4CHZ1; VQ(VQE-11-023303), #034512

Qualification is granted to Department of Defense Specification MIL-P-50884D, Amendment 3 for the Qualified Products List (QPL) product assurance level (Appendix A). The material and classification indicated below shall be listed on QPL-50884. This qualification is effective September 30, 2011.

Plant Location: SAME AS ABOVE. CAGE Code: 4CHZ1

RETENTION REPORTING PERIOD	MATERIAL AND CLASSIFICATION	QPL TEST REFERENCE EXPIRATION DATE
February 1 through January 31	Type 1, with Adhesives	50884-3361-093014

QPL-50884 qualification is limited hot air solder leveling, no solder mask, and no foil lamination. The classifications include installation use A & use B and rework grade R. This qualification also included contract services as outlined below:

Process / Test	Service Name	Location
Hot air solder leveling	Electropac Co., Inc.	Manchester, NH
Ionic Contamination	Pacific Testing Laboratories	Valencia, CA
Electrical Testing	Jeti Testing, LLC	Nashua, NH

A retention report in accordance with paragraph A.4.5.5 of MIL-P-50884E, Amendment 3 shall be submitted to this Center by February 28 of each year or loss of qualification may result. The report shall be based on the reporting period above and shall include data from all product built under the current and previous qualification reference numbers, as applicable. The report must also include the group B and group C raw data along with a completed Form 36W for each qualification reference number listed on QPL-50884. If the manufacturer has no certified production in the reporting period, the manufacturer must indicate this on the completed Form 36W. DLA Land and Maritime reserves the right to request evidence of the manufacturer's capability to produce QPL printed wiring boards as stipulated by paragraph A.4.5.5 of MIL-P-50884E, Amendment 3.

Manufacturers are required to inform DLA Land and Maritime-VQE within 3 business days if a failure occurs during group B or group C testing, if production of these products is

discontinued, or prior to issuance of a GIDEP Alert and/or Problem Advisory on product represented by this qualification. This qualification shall expire 3 years from the effective date cited above, as indicated by the last 6 digits of the qualification reference number (mmddyy). A stop shipment/stop production is effective on the qualification expiration date unless approval is granted by this Office to complete existing contracts. If you have any questions, please contact Mr. Jeffrey Ciesla at vqe.jc@dla.mil or 614-692-0624.

Sincerely,

/SIGNED/
