Dear Mr. Smith:

Re: Notification of Qualification, QPL Product Assurance Level, FSC 5998, MIL-P-50884E, VQ-12-24056 / 035549 / 035552

Qualification is granted to the QPL product assurance level (Appendix A) of Department of Defense Performance Specification MIL-P-50884E, Amendment 3. The type and base material indicated below shall be listed on Qualified Products List QPL-50884. The effective date of this qualification is March 1, 2012.

Plant Location: SAME AS ABOVE

CAGE Code: 22958

RETENTION REPORTING PERIOD	MATERIAL AND CLASSIFICATION	QPL TEST NUMBER EXPIRATION DATE (MMDDYY)
December 1 through November 30	Type 4, Adhesive	50884-3420-030115*
	Type 4, Adhesiveless	50884-3421-030115*

\* Denotes etchback approval

Qualification is limited to HASL surface finish, contracted LPI solder mask, and no foil lamination. The classification includes installation use A and rework grade R. This information was outlined in the supplemental information sheet to DLA Land and Maritime Form 19W.

A retention report in accordance with paragraph A.4.5.6 of MIL-P-50884E shall be submitted to this Center by February 1 of each year or loss of qualification may result. The report shall be based on the reporting period above and shall include data from all product built under the current and previous qualification reference numbers, as applicable. The report must also include the group B and group C raw data along with a completed Form 36W for each qualification reference number listed on QPL-50884. If the manufacturer has no certified production in the reporting period, the manufacturer must indicate this on the completed Form 36W.

Manufacturers are required to inform our office within 3 business days if a failure occurs during group B or group C testing, if production of these products is discontinued, or prior to issuance of a GIDEP Alert and/or Problem Advisory on product represented by this qualification. This qualification shall expire 3 years from the effective date cited above, as indicated by the last 6 digits of the qualification reference number (mmddy). A stop shipment/stop production is effective on the qualification expiration date unless approval is granted by our office to complete existing contracts.
