Ms. Cynthia Savakis
 Viasystems North Jackson, Inc.
 12080 DeBartolo Drive
 North Jackson, OH 44451

Dear Ms. Savakis:

RE: Removal of Qualifications, MIL-PRF-31032 and MIL-PRF-50884, FSC 5998, CAGE Code OGN71; CN044675, VQE-15-028980

Viasystems Technologies Corp, LLC's North Jackson, Ohio plant location has not provided sufficient CVI data to support maintaining its previous MIL-PRF-31032 and MIL-PRF-50884 qualification listings, as required per section C.5 of MIL-PRF-31032B with amendment 1 and appendix B of MIL-P-50884E with amendment 3 and MIL-PRF-50884F. Therefore the following listings are removed from QML-31032 and QPL-50884.

PLANT LOCATION: Same as above

DoD SPECIFICATION	ASSOCIATED SPECIFICATIONS (base materials)	QUALIFICATION LETTER NUMBERS
MIL-PRF-50884 MIL-PRF-31032	Type 4, Adhesive Construction /3& /4 (Adhesive Construction)	VQE-10-020405 VQE-10-020405

The next issues of QML-31032 and QPL-50884 shall reflect the removal of these qualifications. Viasystems Technologies Corp, LLC's North Jackson, Ohio plant also has received notice of thermal shock failures for the Adhesive Construction products listings; failure analysis and corrective actions are required by the TRB, including determining the risk to previous MIL-PRF-31032 and MIL-P-50884 adhesive construction builds produced since the last acceptable thermal shock testing had occurred. If you have any questions, please contact Mr. Lowell Sherman, DLA Land and Maritime-VQE, at 614-692-0627.

Sincerely,

/SIGNED/

JOSEPH GEMPERLINE
 Chief
 Sourcing and Qualifications Division
