Mr. Nir Erez
Cidav Properties Ltd.
P. O. Box 10191
Naharia, 22001
Israel

Dear Mr. Erez:

Cidav Properties is hereby removed from the Qualified Products List (QPL) for military specification MIL-PRF-55110. The reason for this removal is due to our understanding that your plant has closed and a lack of response to our 14-day contemplated removal letter (VQE-11-21938). This removal is effective immediately.

Plant Location: Northern Industrial Zone, Naharia, Israel

RETENTION REPORTING PERIOD	MATERIAL AND CLASSIFICATION	QPL TEST REFERENCE EXPIRATION DATE (MM/DD/YY)
March 1 through February 28	Type 3, GF material	55110-IL01-072411#

Denotes foil lamination approval

Please send us your last retention report covering the time period March 1, 2010 to the date your plant closed. This report should contain the normal Group A summary information and the monthly Group B detailed reports. If Cidav Properties did not have any production during this time period, please send us a letter stating so.

Please note, even though Cidav Properties is removed from the QPL, you must still comply with the requirements of paragraph A.3.9 of MIL-PRF-55110G, which states: "... traceability shall be available for review ... for a minimum of 3 years after delivery of printed wiring boards." This includes all required coupons and documentation.

If you need information on requalification, please contact Mr. Bill Werman at bill.werman@dla.mil or 614-692-0631.

Sincerely,

/SIGNED/
