CLASSIFICATION TYPE AND BASE MATERIAL	QPL TEST REFERENCE EXPIRATION DATE (MM/DD/YY)

Circuit-Tech is required to maintain all data, including coupons, for any MIL-PRF-55110 certified product for a period of three years, per paragraph A.3.9 of MIL-PRF-55110G. These qualification listings were valid through the expiration dates indicated by the last 6 digits of the qualification reference numbers (mmddyy), provided that all requirements of the subject specification are met. A stop shipment/stop production status was effective on the expiration date unless approval was granted by this Office to complete existing contracts. Manufacturers are required to inform this Office within 3 business days if a failure occurs during group B testing, if production of certifiable product is discontinued, or prior to issuance of a GIDEP Alert and/or Problem Advisory on their QPL products. If you have any questions, please contact Mr. Lowell Sherman at [vqe.ls@dla.mil](mailto:vqe.ls@dla.mil) or 614-692-0627.
