Dear Mr. Jaure:

RE: Removal of Qualification for Expiration; MIL-PRF-55110; FSC 5998; CAGE Code: 07HT7; VQE-16-030142 / CN049814

Advanced Circuits, Inc.'s qualification listed below has expired. Therefore, Advanced Circuits, Inc. is hereby removed from the Qualified Products List (QPL), military specification MIL-PRF-55110, for the following item:

TYPE AND BASE MATERIAL	QUALIFICATION REFERENCE NUMBER
Type 3, GF Material	55110-3440-050115

In accordance with paragraph A.4.5.4 of MIL-PRF-55110H, requalification is not required as long as the manufacturer maintains a listing for an equivalent technology through QML-31032. Since Advanced Circuits, Inc. has not obtained qualification through QML-31032, the above listing has been removed from the Qualified Products List, QPL-55110. A stop shipment/stop production is effective for all product covered under this qualification unless approval is granted by DSCC-VQE to complete existing contracts.

Advanced Circuits, Inc. is required to maintain traceability of all data, including coupons and microsections, for a period of 3 years, per paragraph A.3.9 of MIL-PRF-55110H. Should you have questions, please contact Mr. Robert Puckett at 614-692-0625 or vqe.rp@dla.mil.

Sincerely,
