Mr. Dave Kanji  
 Delta-DVH Circuits  
 16117 Leadwell Street  
 Van Nuys, CA 91406-3417

Dear Mr. Kanji:

RE: Removal of Qualification for Expiration; MIL-PRF-55110; FSC 5998; CAGE Code: 8U401; VQE-16-030752 / CN052556

Delta-DVH Circuits' qualification listed below has expired. Therefore, Delta-DVH Circuits is hereby removed from the Qualified Products List (QPL), military specification MIL-PRF-55110, for the following item:

TYPE AND BASE MATERIAL	QUALIFICATION REFERENCE NUMBER
Type 3, GF Material	<del>55110-3797-062616</del> Expired

In accordance with paragraph A.4.5.4 of MIL-PRF-55110H, requalification is not required as long as the manufacturer maintains a listing for an equivalent technology through QML-31032. Since Delta-DVH Circuits has not obtained qualification through QML-31032, the above listing has been removed from the Qualified Products List, QPL-55110. A stop shipment/stop production is effective for all product covered under this qualification unless approval is granted by DSCC-VQE to complete existing contracts.

Delta-DVH Circuits is required to maintain traceability of all data, including coupons and microsections, for a period of 3 years, per paragraph A.3.9 of MIL-PRF-55110H. Should you have questions, please contact Mr. Robert Puckett at 614-692-0625 or vqe.rp@dla.mil.

Sincerely,

RAYMOND L KOLONCHUK  
 Chief  
 Electronic Devices Branch
