This qualification approval is subject to the conditions as stated in DoD 4120.24M and SD-6.

To maintain the listing of the products on the Qualified Products List (QPL) 83528, you are required to compile a summary of quality conformance data every twelve (12) months for Groups A and B. This is in accordance with paragraph 4.2.4 of the subject specification. In the event there is no production during the reporting periods, you are required to submit a report of no production. A "DD Form 1718" may be used for this negative report with those products not produced listed in the remarks section.

The standard reporting period will be March 1 through February 28. Your first report for this qualification will be due no later than April 30, 2014. A report is required for each of your products qualified to the subject military specification. The original data must be retained by your company and is to be made available to authorized government representatives upon request. Please submit your report to this office by date referenced herein.

Because we are held responsible for the accuracy and currency of this Qualified Products List, please notify this Center if your company discontinues production of the products. No changes are to be made in the design and construction of the products qualified without approval of DLA Land and Maritime.

If you have any questions concerning this letter, please contact Mr. Art Woolum, 614-692-0505.

Sincerely,

/SIGNED/
