The standard reporting period will be November 1 through October 31. Your first report for this qualification will be due no later than December 31, 2012. A report is required for each of your products qualified to the subject military specification. The original data must be retained by your company and is to be made available to authorized government representatives upon request. Please submit your report to this office by date referenced herein.

Because we are held responsible for the accuracy and currency of this Qualified Products List, please notify this Center if your company discontinues production of the products. No changes are to be made in the design and construction of the products qualified without approval of DLA Land and Maritime.
